

Westwood Heights School District

Bylaws & Policies

8510 - WELLNESS

As required by law, the Board of Education establishes the following wellness policy for the Westwood Heights Schools.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research concludes that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

- A. With regard to nutrition education, the District shall:
 1. Nutrition education shall be integrated into other subject areas of the curriculum, when appropriate, to complement, but not replace, the standards and benchmarks for health education.
 2. Nutrition education shall be included in the sequential, comprehensive Health curriculum in accordance with the curriculum standards and benchmarks established by the State.
 3. Nutrition education standards and benchmarks shall be age-appropriate and culturally relevant.

- B. With regard to physical activity, the District shall:
 1. **Physical Education**
 - a. The physical education curriculum shall provide sequential instruction related to the knowledge, attitudes, and skills necessary to participate in lifelong, health-enhancing physical activity.
 - b. The sequential, comprehensive physical education curriculum shall stress the importance of remaining physically active for life.
 - c. The K-12 program shall include instruction in physical education as well as opportunities to participate in competitive and non-competitive team sports to encourage lifelong physical activity.
 - d. Planned instruction in physical education shall teach

- d. Planned instruction in physical education shall teach cooperation, fair play, and responsible participation.
- e. Planned instruction in physical education shall meet the needs of all students, including those who are not athletically gifted.

2. Physical Activity

- a. Physical activity shall not be employed as a form of discipline or punishment.
- b. The school shall provide information to families to encourage and assist them in their efforts to incorporate physical activity into their children's daily lives.
- c. All after-school programs shall provide developmentally appropriate physical activity for the students who participate.

C. With regard to other school-based activities the District shall:

1. The schools shall schedule mealtimes so there is minimum disruption by bus schedules, recess, and other special programs or events.
2. The school shall provide attractive, clean environments in which the students eat.
3. Schools in our system utilize electronic identification and payment systems, therefore, eliminating any stigma or identification of students eligible to receive free and/or reduced meals.
4. Students are discouraged from sharing their foods or beverages with one another during meal times, given concerns about allergies and other restrictions on some students' diets.

D. With regard to nutrition promotion, the District shall:

1. encourage students to increase their consumption of healthful foods during the school day;
2. create an environment that reinforces the development of healthy eating habits, including offering the following healthy foods that comply with the USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards.

E. Rewarding children in the classroom should not involve candy and other foods that can undermine children's diets and health and reinforce unhealthy eating habits. A wide variety of alternative rewards can be used to provide positive reinforcement for children's behavior and academic performance.

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

- A. In accordance with Policy [8500](#), entitled Food Service, the food service program shall comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages, including but not limited to the USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards, as well as to the fiscal management of the program.
- B. As set forth in Policy [8531](#), entitled Free and Reduced Price Meals, the guidelines for reimbursable school meals are not less restrictive than the guidelines issued by the U.S. Department of Agriculture (USDA).

The sale of foods of minimal nutritional value in the food service area during the lunch period is prohibited.

- C. The sale of foods and beverages to students that do not meet the USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards to be consumed on the school campus during the school day is prohibited.
- D. All food items and beverages available for sale to students for consumption on the school campus (any area of property under the jurisdiction of the school that is accessible to students during the school day) between midnight and thirty (30) minutes after the close of the regular school day shall comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards, including, but not limited to, competitive foods that are available to students a la carte or as entrees in the dining area (except entree items that were offered on the National School Lunch Program (NSLP) or School Breakfast Program (SBP) menu on the day of and the day after they are offered on the NSLP or SBP menu), as well as food items and beverages from vending machines, from school stores, or as fund-raisers, including those operated by student clubs and organizations, parent groups, or boosters clubs.
- E. The food service program will strive to be financially self-supporting; however, if it is necessary to subsidize the operation, it will not be through the sale of foods with minimal nutritious value.
- F. The food service program will provide all students affordable access to the varied and nutritious foods they need to be healthy and to learn well.
- G. The food service program shall be administered by a director who is properly qualified, certificated, licensed, or credentialed, according to current professional standards.

The Board designates the Superintendent as the individuals charged with operational responsibility for verifying that the District meets the goals established in this policy.

The Superintendent shall appoint a District wellness committee that includes parents, students, representatives of the school food authority, educational staff (including physical education teachers), school health professionals, members of the public and school administrators to oversee development, implementation, evaluation and periodic update of the wellness policy. The Wellness Committee shall be an ad hoc committee with members recruited and chosen annually.

The Wellness Committee shall be responsible for:

- A. assessment of the current school environment;
- B. review of the District's wellness policy;
- C. presentation of the wellness policy to the school board for approval;
- D. measurement of the implementation of the policy;
- E. recommendation for the revision of the policy, as necessary.

Before the end of each school year the Wellness Committee shall recommend to the Superintendent any revisions to the policy it deems necessary.

The Superintendent shall report annually to the Board on the progress of the Wellness Committee and on its evaluation of policy implementation and areas for improvement, including status of compliance by individual schools and progress made in attaining goals of policy.

The Superintendent is also responsible for informing the public, including parents, students and community members, on the content and implementation of this policy. In order to inform the public, the Superintendent shall distribute information at the beginning of the school year to families of school children and post the policy on the District's website, including the Wellness Committee's assessment of the implementation of the policy.
